PROFILE

Third-year Bachelor's student in Coding & Digital Innovation at IIM Paris, specializing in Full-Stack Development and Artificial Intelligence. Passionate about building scalable web applications and AI-powered solutions, with hands-on experience developing modern web platforms, AI assistants, and data-driven applications.

PROFESSIONAL EXPERIENCE

Full-Stack Developer

Groupe Lemoine · Feb 2026 – Present

- ▶ Led the end-to-end development of a corporate website using **Next.js, React, TypeScript, Tailwind CSS, and Strapi** — from UI/UX design to deployment — covering **10+ unique pages across 5 languages**.
- ▶ Integrated an **AI-powered conversational assistant** and **interactive production-site maps**, enhancing the platform's user experience.
- ▶ Implemented a **Strapi CMS** for managing products and certifications, while developing recruitment features that enabled HR teams to centralize and review applications.
- ▶ Applied **mobile-first development**, accessibility standards, and performance optimization best practices within an agile greenfield project.

Front-End Developer

Brain Research Foundation · Oct 2025 – Jan 2026 · 4 months

- ▶ Redesigned the organization's web interface by implementing an interactive 2D brain map highlighting key anatomical regions, increasing visitor engagement.
- ▶ Developed an educational memory game focused on brain functions, enhancing user interaction and session duration.

PROJECTS — IA & FULL-STACK

Syrixa AI — Full-Stack AI Assistant

JavaScript · Node.js · LangChain · RAG · LLMs · Docker · HTML/CSS · Git

- ▶ Built an AI assistant capable of conversational interactions, document creation, and document analysis using a **Retrieval-Augmented Generation (RAG)** architecture to deliver context-aware responses.

Daily Wallet — Personal Finance Management Application

Next.js · React · TypeScript · TailwindCSS · Prisma · MySQL · Vitest

- ▶ Developed a full-stack budgeting application featuring authentication, dynamic dashboards, database management, and automated testing.

TECHNICAL SKILLS

Front-End	React, Next.js, TypeScript, JavaScript, TailwindCSS, HTML/CSS, SASS, Vue.js
Back-End	Node.js, Express.js, Python, API REST
Databases	PostgreSQL, MySQL, SQL, Prisma, ORM
IA / Agents	LangChain, RAG, Prompt Engineering, LLMs
DevOps / Tools	Git/GitHub, Docker, CI/CD (bases), Cursor, Claude AI

SOFT SKILLS

Curiosity · Attention to Detail · Teamwork · Autonomy · Communication

EDUCATION

Bachelor Coding & Digital Innovation

IIM Paris La Défense Digital School · 2024 – 2027 · *(Expected)*

Vocational Baccalaureate in AGORA

Lycée Langevin-Wallon · 2021 – 2024 · *3 years*

LANGUAGES

French, Ukrainian, Russian — Native Proficiency · English — Professional Working Proficiency

INTERESTS

Automotive · Running · Video Games
